Friendly Reminders

Plumbing Problems: We continue to respond to a number of plumbing drain obstructions caused by inappropriate materials being flushed down toilets.

Please note that common materials such as disinfectant wipes, baby wipes, paper towels, and sanitary items **should never** be discarded in a toilet, as a drain line blockage can lead to back-ups and significant building and property damage. These and other non-flushable items should be disposed of in the nearest trash receptacle. Thank you in advance for your cooperation.

Holiday Closure: Cummings Properties' offices will be closed Monday, May 30, in recognition of Memorial Day.

Shoe Snippets

Fun facts about the historic Cummings Center site, formerly known as "The Shoe"

The Shoe was focused on the health, prosperity, and well-being of its employees. Homes were built near the factory, and some Shoe employees were given the opportunity to own one of those homes with the least possible financial strain. Workers who left the company were permitted to keep their homes.
