## Goings On

---

As many commuters may know, Hall-Whitaker Bridge is permanently closed to vehicle traffic. The sidewalks remain open to pedestrians and bicyclists. Please refer to [this Massachusetts Department of Transportation advisory](#) for a detailed review of regional and local vehicular traffic detours.

## Friendly Reminder

**Lock those doors:** Most standard Cummings Center and Dunham Ridge entry doors are equipped with both a standard lock within the doorknob *and a deadbolt mechanism*. Please note that when the deadbolt is engaged, it automatically locks the door, too. When away from the office, it is advisable to use the dead bolt.

## Simple Smiles

---

Simple Smiles was created to help everyone start the week off learning, imagining, and smiling. All MetroNorth News readers are invited to submit photos of something or some place they find interesting, informative, or exciting. Please refrain from sharing photos that feature people.

## Shoe Snippets

*Fun facts about the historic Cummings Center site, formerly known as "The Shoe"*

The Shoe's employees began and ended each shift by "ringing in" at a time clock. All the clocks were wired into a master clock, ensuring that they remained synchronized. A restored clock can be seen today at the Cummings Center leasing office.
