### Noteworthy News

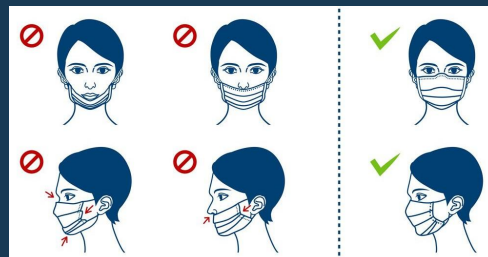

Massachusetts Growth Capital Corporation is offering COVID-19 relief funding to local small businesses through the second round of its Community Development Block Grant COVID-19 (CDBG-CV) Microenterprise Assistance Grant Program. Qualifying

microenterprises that have been adversely impacted by COVID-19 can apply for up to \$10,000 each in funding **until October 23**. The city of Beverly has established a webpage to provide updates on the program as they become available. All applications must be submitted to the MGCC. For additional information, contact Denise Deschamps, economic development planner, at [ddeschamps@beverlyma.gov](mailto:ddeschamps@beverlyma.gov) or 978-605-2356.

Thank you to Stacy Ames, Beverly’s Ward 3 city councilor, for suggesting this as a timely resource for Cummings Center and Dunham Ridge businesses.

### Masks

We are thrilled to see more and more people returning to our Cummings Center and Dunham Ridge campuses. With increased building traffic, we have received a number of reports of people walking through the common areas without appropriate face coverings.

While most have been attentive to public health guidance, some clients have expressed concern that not all visitors and client firms adhere to recommended safety precautions within our properties.

A few reminders:

- **Face coverings** – Per Beverly mandate, **masks are required** in all common areas (including elevators) and restrooms. Please ensure that your mask covers your mouth and nose.
- **Elevators** – The Commonwealth recommends minimizing the use of elevators by more

than one individual at a time (unless members of the same household), and the use of face coverings is required.

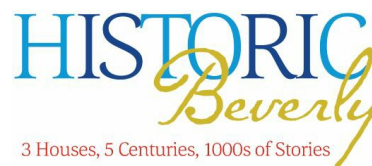

- **Stairwells** – To limit time spent with others in an elevator, visitors are encouraged to use nearby stairwells whenever practical. To facilitate proper social distancing, many stairwells have been designated as one-way. Please look for and adhere to the “up only” and “down only” signage.

Thank you in advance for your cooperation.

## Friendly Reminder

---

**End-of-the-Day Routine:** Don’t forget to make sure all windows and doors (including deadbolt locks) are completely closed and latched shut to prevent unauthorized access, pests, and the damaging effects of wind and rain on interior décor. Also, before you go, check for running toilets, as one running toilet could easily cost as much as \$50 per day in water and sewer charges. Request a maintenance [service call](#) for any toilet that does not properly shut off after each use.

## Shoe Snippets

---

*Fun facts about the historic Cummings Center site, formerly known as “The Shoe”*

---

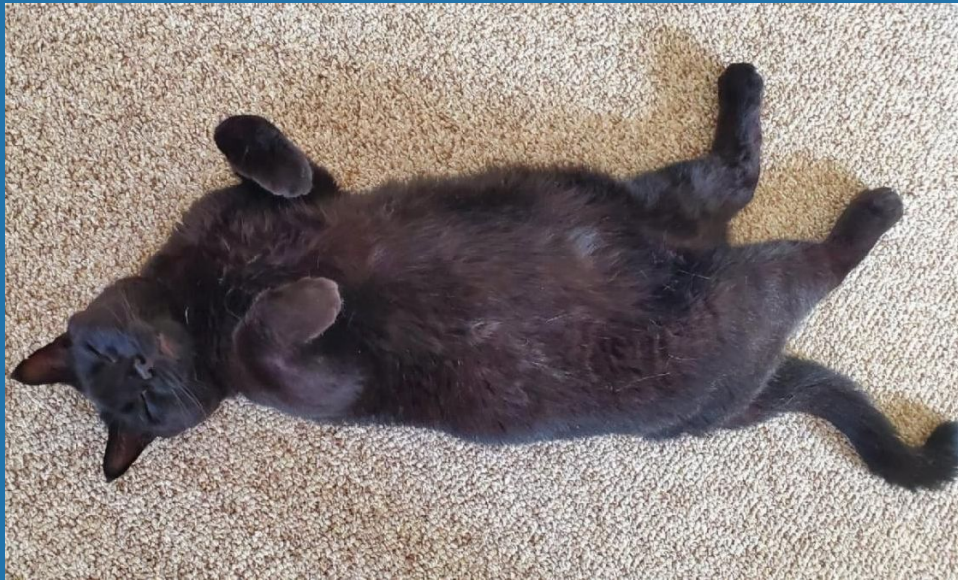

The Shoe brought Scandinavian and Italian immigrants to Beverly and created a housing boom in Ryal Side and adjacent neighborhoods. The company initially announced plans to hire

2,500 men, but by the end of WWII, it employed 5,000 workers.
