## **Friendly Reminders**

Place a Service Call Online: Cummings provides maintenance services Monday-Friday (except holidays), 7:00 AM-4:00 PM for all building-standard equipment. Clients may request service calls online (cummings.com/service call) or via Cummings' Service Call App. The online system not only offers a quick and easy way to report a maintenance issue but also helps to expedite service.

If preferred, you may place a service call to 781-932-7021. These requests are dispatched in the order received and generally responded to before the end of the next business day.

As a reminder, local police or fire departments should always be notified first in the event of a life safety emergency (e.g., fire, accident, burglary). Similarly, suspected gas leaks should be reported directly to the appropriate gas company.

Rehang Cord After EV **Charge**: We are delighted to offer convenient electric vehicle (EV) charging at numerous Cummings buildings, and appreciate your courteous handling of the apparatus. When stowed improperly, charging cords create a tripping hazard for passersby. Please remind all staff and visitors to heed the signage posted on and around the EV chargers, and

to be mindful of potential obstacles while walking.

**We want to hear from you!** Do you have news or a great photo to share? Is there a special you'd like to offer to Cummings clients? Email your news, offers, photos, and more to **Lisa** at <a href="mailto:live@cummings.com">live@cummings.com</a>.
