Friendly Reminders

Updating client emails: Email is Cummings Properties' primary method of communicating information to clients. To ensure the appropriate personnel are receiving important details about building maintenance, power outages, etc., client firms are encouraged to share updated contact information with Cummings Properties. Please take a moment to email [Lisa VanStry](#) with the names and email addresses of all employees at your firm who would like to receive building notices as well as this monthly newsletter. If someone within your company has unsubscribed and would like to re-subscribe, please also contact [Lisa](#).

Park in the Park: Enjoy the spring flowers and warmer temperatures-visit *Sisitzky Park*! Located between 200 and 400 West Cummings Park in Woburn, this green space includes a picnic area accented by extensive colorful plantings, granite benches, and cornhole boards. Clients may reserve the use of the park and a charcoal grill *free of charge* on a first-come, first-served basis. For additional information, click [here](#).

Smoking: In accordance with [Massachusetts Smoke-Free Workplace Law](#), smoking is prohibited at all times *anywhere* inside Cummings Properties' buildings, including bathrooms, hallways,

stairways, lobbies, etc. By state law, all those wishing to smoke must do so outdoors and ***at least 30 feet away*** from any building entrance.

Prevent Fruit Flies: It's fruit fly season again, but clients can help prevent their appearance by keeping uneaten foods covered and eating areas clean. If a fly does make its way into your office, here's how to remove it: Fill a mason jar with vinegar about a quarter of the way full. Punch a hole in the lid that is just large enough for a fly to enter, and leave the jar in your office. If a fly finds its way in, it will crawl inside the jar to access the vinegar and will be unable to escape.
