## After a Decade

*Celebrating clients that have been at Cummings Center for more than 10 years*

When Cynthia Fisher, founder of [Quadra Counseling Associates](#), 100 Cummings Center, Suite 214-E, first started her psychotherapy practice, she was renting a small space in Beverly with one other person. A year later, Cynthia was ready to branch out on her own. When she started searching for office space in 2004, remaining in Beverly and finding an accessible location were very important factors. The free on-site parking, well-kept property, and convenient location made Cummings Center an easy choice.

When Cynthia first arrived at Cummings Center, she ran a small private practice. "I remember signing my lease with my daughter in the baby carrier," she reminisced. "Now she is in high school!" Over the years, more than just her daughter grew. The practice has expanded three times, from a 300-square-foot office just for Cynthia to a space with nine counselors and 1,800 square feet.

"I love seeing how impressed my clients are with the space, and with Cummings Center as a

whole. Justin and the entire Cummings staff are so responsive, reasonable, and friendly. I've always felt so well-treated," she explained.

Cynthia said her favorite memory was moving into her current office space. She wanted to paint, and decided to perform the work on her own. "My husband was helping me, and I remember him taking a photo while we were working. I am in my sweats, with drop cloths everywhere, and I remember being so proud that I got to call the office 'mine'! The photo pops up as a 'memory' every year on Facebook," Cynthia said.

"We are so pleased to watch Cynthia reach this 14-year milestone with us," said Cummings Properties' account manager Justin D'Aveta. "We hope she and the entire Quadra team will be at Cummings Center for many years to come."
