Friendly Reminders

Flu tip refresher: According to Massachusetts Department of Public Health, flu season is not over. There are many actions people can take to lower the risk of spreading influenza and other illnesses in the workplace, including:

- Get the flu vaccine, especially if you have a condition that makes health complications from the flu more likely.
- Wash hands frequently, using soap and water or an alcohol-based hand gel.
- Cough or sneeze into a clean tissue or, if you do not have a tissue, the inside of your elbow.
- Avoid close contact with others who have a cold or the flu.
- Regularly clean items that are often touched by others, such as door handles, phones, faucets, keyboards, and copiers.

For more information about how to avoid and treat the flu, please visit Center for Disease Control's [Influenza Information](#) page.

Holiday: In observance of Presidents' Day, **Monday, February 19**, Cummings Properties' offices and maintenance departments will be minimally staffed.
