The People You Need To Know...at Cummings

Teresa Hasu, senior designer

I started at Cummings: In March of 2001.

What I do in five words: Design custom high-tech lab spaces

I can help clients: "Value engineer" their space. I find ways for them to keep costs low and quality high.

I really enjoy: I love building labs!

Fun fact about me: I have a "zoo" at home - a dog, a snake, a rat, two cats, and fish.

Blog Bites

At first, it seemed like a typical week at Cummings Properties' Woburn headquarters. The background hum of office equipment and busy conversations, broken only by the louder call of ringing phones. Then chants of "Go, Woburn!" and "Team Stoneham!" bolstered by cowbells and applause rippled through the office. The excitement and drama unfolding on the ice rinks and ski slopes of Pyeongchang, South Korea during the Olympic Games had spread to colleagues at Cummings Properties. The Office Olympics were on! To learn more about this fun lunchtime team-building event, [read the blog](#).
