Paper	Single Stream recycling bins at 48 and 50 Dunham Ridge loading docks
Plastic	Single Stream recycling bins at 48 and 50 Dunham Ridge loading docks

- Recyclable materials must be separated from office trash and placed in designated recycling bins, per Massachusetts law. Disposal of cardboard or other recyclable materials in the trash may result in an improper disposal fee.
- Disposal of wood, metal, furniture, construction material, and electronics is prohibited. Please contact a junk removal company to dispose of such items.
- Remember to run the compactor at 48 Dunham Ridge loading dock after each use. Close the lid on the trash dumpsters to prevent wildlife from accessing the trash.
- Disposal of items from off site (e.g. home renovation projects) is strictly prohibited, and violators will be charged a disposal charge.
- Client firms that receive pallets should hire a junk removal company for their disposal; the pallets should be stored inside the suite.
- 48 and 50 Dunham Ridge client firms are prohibited from using the dumpsters at 42, 43/44, and 51 Dunham Ridge.

For questions or concerns, please contact Senior Account Manager, Mary Carroll at 978-720-4015.
