

Save Energy, Save Money!

Benefit from these energy-saving features at
900 Cummings Center in Beverly

Beverly's first Energy Star award winner is only the second office building on the North Shore to earn this distinction. 900 Cummings Center is more energy efficient than 90% of similar buildings.

Lowering Operating Costs

Energy-efficient design and construction, premium efficiency HVAC and lighting systems.

Increased Productivity

Improved air quality from operable windows increases staff morale and efficiency.

Lower Transportation Costs

On-site MBTA bus service, nearby commuter rail, and dedicated bicycle storage.

Environmentally Friendly

On-site recycling programs and green housekeeping.
